Charitable Donation Committee Veteran Passthrough Worksheet
CALENDAR YEAR 2024

Charity Name: _____

EIN: _____ **Tax Year**: _____ **Tax Form Reviewed**: 990

Passthrough is how much of a charity's expenditures actually go to Veterans/Veteran Services. This percentage is calculated by dividing the amount going to Veterans by the total expenditures. For tax forms, the way to determine what goes to Veterans is to remove funds that DO NOT go to Veterans (i.e. the cost of business) and subtract the non-Veteran funds from the total expenditures.

Total Expenditures	Business Expenses	Veteran Expenditures	Percent to Veterans
$ 0.00	$ 0.00	$ 0.00	100%
*most recent tax form	*auto-total from below*	*auto-total less business*	*auto-veteran/total*

**Total expenditures for 990 - Part I, and 990EZ - Part I, look for "Total Expenses"*

Business costs are expenses not going DIRECTLY to Veterans. Examples include Salaries, Building Rental, postage, Electricity, Royalties, other Utilities, Advertising, legal (unless directly stated), etc.

For 990 - expenses are itemized in Part IX; for 990EZ - expenses are itemized in Schedule O
For postcard submissions, research website andthe charity to provide data for estimated passthrough.

Business (Non-Veteran) Expenses Itemized - *Total all expenses below for the calculation above.*

Itemized Expense	Cost	Itemized Expense	Cost
